Dear Bill:

Thank you very much for your letter of January eighteenth. I am most grateful to you for your generous offer of cooperation. Mr. French plans to be in Washington next week, and I am asking him to see if it would be convenient for Dr. Millikan to talk with him at that time on the question of liaison between the Advisory Board and the Central Intelligence Agency.

I should appreciate it if you would mention to General Smith that while I am leaving on Sunday for Brazil, I shall be back by the end of the week and shall look forward to seeing him soon after that in Washington.

With best wishes,

Sincerely,

  
Nelson A. Rockefeller

Mr. William H. Jackson
